Graduation Rate	34.6%	38.9%	33.3%	35.1%	33.9%	48.7%	56.5%	48.3%	30.3%

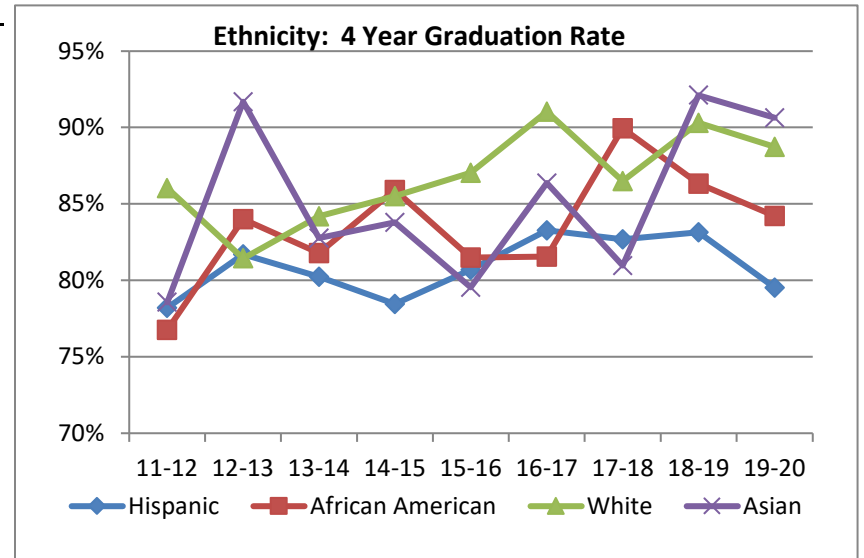

The four year cohort graduation rate measures the percentage of students who started 9th grade at the same time and graduated four years later. Students are credited at the school or district where they complete their fourth year of high school; students who transfer out of a school or district are not in the cohort. Students who enroll for a 5th year or receive a Special Education certificate of completion are included in the cohort but not counted as graduates.
